MIT Entrepreneurial Ecosystem Co-Curricular.

Students must undertake in **ONE** activity engaging directly with the start-up ecosystem. This includes (but is not limited to) direct engagement as a “founder” (e.g., 100K, Delta V, Fuse, or a Sandbox grant), ecosystem leadership (100K Managing Director, Sector Practice Leader, etc), or a guided independent study engaging with the start-up ecosystem.

E&I Co-Curricular Involvement Requirement

- This year, we are giving 4 options for 2022 MBAs to complete the “SVST” requirement of the E&I Track:
 - SVST workshops during IAP Spring Semester
 - Fuse (January)
 - StartMIT (January)
 - DE Lab (January)
- If you choose Fuse, StartMIT, or DE Lab, you will need to complete at least one *other* MIT Entrepreneurial Ecosystem co-curricular before graduation.
